***Is there a cyber security wolf at your door?
Let Systrends help protect you...***

Systrends is pleased to announce we are partnered with three best-in-breed cyber security software providers:

Systrends is an AlienVault® MSSP, Managed Security Service Provider; we are authorized to offer Alien Vault Unified Security Management™ (USM) which provides five essential security capabilities in a single console.

Systrends is a Tripwire® Value Added Reseller for their three top cyber security software products.

Systrends is a ZeroFox® Value Added Reseller for the ZeroFox Platform™ which targets social media.
